**EMERGENT TC MEETING**  
**RESOLUTION**

DATE: 11/10/2023

At the very beginning of the meeting, Principal Dr. Nirmalendu Sarkar distributed the fixation memo copy of the first CAS promotion of our teachers of different departments. Further in today's meeting discussion was held about organising an annual picnic before the Durga puja vacation. Prof. Utpal Das proposed that the SACT teachers should also be a part of this picnic.

With regard to the expenditure to be incurred to organise the aforesaid picnic, a debate was held whether SACT teachers should pay for the same and after much deliberation it was decided that they should be exempted from paying for the picnic. Further, a unanimous decision was taken to invite all ex- teachers to participate in the picnic without any financial contribution.

Lastly, it was decided that all faculty members including the SACT teachers will drink tea in the staffroom as before.

Dr. Goutam Nandi enquired about the necessity of conducting a centralized internal exam as it was much feasible to conduct the same internally by each department. Prof. Jaharlal Mazumdar addressing his question explained that excess students of Sem I compelled them to take such a decision. Further, Dr. Arkaparitim Changdar gave his opinion that the question paper can be set department wise for the internal assessment, the moment they have completed their minimum syllabus of that semester. Dr. Anup Polley welcomed this proposal but Prof. Syed Abul Kader did not agree with them. Following it, Prof. Dulal Sarkar countered the latter and agreed with his colleagues Dr. Polley &amp; Dr. Changdar regarding the proposal as it can greatly facilitate the exam process. TC Secretary who is also in-charge of Sem- I examination explained in detail the reason behind the decision to organise the centralized internal examination. At the end of the meeting a decision was taken that only Sem- I exam will be conducted in the centralized mode. <b>Salient features of your Ph.D. research work</b>	Institutional borrowers often use or divert productive credit for unproductive purposes to meet up their necessary consumption requirements, social obligations, and non-farm activities. Our research uses NSS 59th and NSS 70th round survey data and shows that urban, educated and formally employed population are significantly more likely to borrow institutional credit for non-production purposes in India. Using primary rural household sample survey data from the four villages from two districts, North 24-Parganas and South 24-Parganas of West Bengal, our research shows that political participation and financial literacy plays a major role in the probability among the borrowers.
