Conclusory remarks:

The respondents have mostly given a positive feedback and seem eager for efficient functioning of the association. The association was registered in the session 2016-17(Reg no. S/2L/No 62185 of 2016-17). Considering the background of students who usually attend the institution which is primarily agro-based (they travel considerable distance to attend the institution) and 1st generation kind, the association related work and commitment gets difficult. However, the respondents have suggested that the college authority must take steps to enroll and strengthen the association & request to convene meeting of alumni association from time to time.
