

CORSE OUTCOMES

1ST SEMESTER B.A. (HONS.)

GEOGRAPHY UNDER CBCS (2017-2018)

(DEPARTMENT OF GEOGRAPHY, KATWA COLLEGE UNDER UNIVERSITY OF BURDWAN)

Semester-I

Core Course -1

Unit- 2: Geomorphology

4. Development of river network

Course Outcomes (CO)

CO 1. Define river channel.

CO 2. What are the properties of a river channel?

CO 3. Define river network.

CO 4. Mention the properties of a river network.

CO 5. Describe the developmental processes of river networks with proper diagram.

CO 6. What is river capture?

CO 7. Define drainage (or, river) networks patterns.

CO 8. Elucidate different types of drainage pattern with diagrams.

CO 9. Distinguish river network from drainage pattern.

CO 10. Classify rivers based on the formation and their adjustment with structure of a river network.

CO 11. Give examples of river networks from different sites.

CO 12. Define consequent, subsequent, obsequent, resequent, and antecedent and superimposed rivers.
