Institutional Facilities for Management of the various types of degradable & non-degradable waste

Waste management is a herculean task for any educational institution. Katwa College dreams about 'clean campus, Green Campus.'

Waste management policy includes:

- To identify & classify the waste.
- To segregate recyclable & reusable materials.
- To reduce the Waste.
- To strategize collection & transportation of the Waste.
- To suggest possible treatment method.

The NSS unit & Nature club of the college are playing a vital role in this purpose. They are regularly organizing various awareness generation programmes throughout the year for achieving this purpose.

Work Description:

College has segregated waste into 3 parts:-

1. Solid Waste
2. Liquid Waste
3. Hazardous Lab Waste

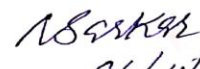

Solid Waste Management:

The college has signed a MOU (Memorandum of Agreement) with local municipality i.e., Katwa Municipality on 15/04/2023 for solid management in a proper way.

Solid wastes are mainly of 2 types:-

- I. Non-Biodegradable waste &
- II. Biodegradable waste.

The waste is generated by all sorts of routine activities carried out in the college that includes waste paper, plastics, glass, metals, foods etc.

Non-biodegradable solid waste material are collected from different departments & offices time to time by sweepers of the college & stored in the properly labelled dustbins (Green & Blue) & waste chambers for disposal.

For proper recycling of waste paper, college has a licentiate vender through which waste papers are transferred to Krishna Tissue paper mills Ltd, Burdwan for recycling & disposal in a scientific way.

Some non-biodegradable solid waste are stored in a chamber (made of Concrete) at the backside of the college building & are cleaned by the Katwa Municipality.

Bio-degradable waste such as food materials, leaves, grasses, flowers etc. stored in a separate waste chamber & processed to make bio-fertilizer for cultivating flowers & different types of medicinal & economical plants in the land within the college premises.

Katwa Municipality provided field training on 'Solid Waste Management' to manage properly the solid wastes generated within the college campus to Ten(10) students of 3 units of NSS as a part of the programme under the MOU signed on 15.04.2023 between Katwa College and Katwa Municipality.
